

# Squirrel Nests

After reading the article “Spotting Squirrel Nests in the Fall”, answer the following questions:

1. How high off the ground do squirrels often build their nests?
2. What is a squirrel’s nest called?
3. Which is a better nest, a leaf nest or a cavity den. Why?
4. How do squirrels choose the trees in which they build their nests?
5. Are nests ever reused? If so, when?
6. Describe how the nest is constructed.
